francis schaeffer was one of the most influential apologists of the 20th century through his speaking writing and filmmaking schaeffer successfully transformed the way people thought of the christian faith from a rather private kind of piety to a worldview that addressed every sphere of life this volume written by a man converted from agnosticism within days of meeting schaeffer is the first book devoted to exploring the heart and soul of schaeffer's approach to the christian life and will help readers strive after the same kind of marriage of thought and life of orthodoxy and love part of the theologians on the christian life series

the first in depth look at white people's activism in fighting racism during the past fifty years not since the civil rights movement of the 1950s and 1960s when many white college students went south to fight against jim crow laws has white antiracist activity held the public's attention yet there have always been white people involved in fighting racism in this passionate work becky thompson looks at white americans who have struggled against racism offering examples of both successes and failures inspirations practical philosophies and a way ahead a promise and a way of life weaves an account of the past half century based on the life histories of thirty nine people who have placed antiracist activism at the center of their lives through a rich and fascinating narrative that links individual experiences with social and political history thompson shows the ways both public and personal in which whites have opposed racism during several social movements the civil rights and black power movements multiracial feminism the central american peace movement the struggle for antiracist education and activism against the prison industry beginning with the diverse catalysts that started these activists on their journeys this book demonstrates the contributions and limitations of white antiracism in key social justice movements through these stories crucial questions are raised does antiracist work require a repudiation of one's whiteness or can that identity be transformed through political commitment and alliances what do white people need to do to undermine white privilege what would it take to build a multiracial movement in which white people are responsible for creating antiracist alliances while not co-opting people of color unique in its depth and thoroughness a promise and a way of life is essential for anyone currently fighting racism or wondering how to do so through its demonstration of the extraordinary personal and social transformations ordinary people can make it provides a new paradigm for movement activity one that will help to incite and guide future antiracist activism

millions of people around the world today spend portions of their lives in online virtual worlds second life is one of the largest of these virtual worlds the residents of second life create communities buy property and build homes go to concerts meet in bars attend weddings and religious services buy and sell virtual goods and services find friendship fall in love the possibilities are endless and all encountered through a computer screen at the time of its initial publication in 2008 coming of age in second life was the first book of anthropology to examine this thriving alternate universe tom boellstorff conducted more than two years of fieldwork in second life living among and observing its residents in exactly the same way anthropologists traditionally have done to learn about cultures and social groups in the so called real world he conducted his research as the avatar tom bukowski and applied the rigorous methods of anthropology to study many facets of this new frontier of human life including issues of gender race sex money conflict and antisocial behavior the construction of place and time and the interplay of self and group coming of age in second life shows how virtual worlds can change ideas about identity and society bringing anthropology into territory never before studied this book demonstrates that in some ways humans have always been virtual and that virtual worlds in all their rich complexity build upon a human capacity for culture that is as old as humanity itself now with a new preface in which the author places his book in light of the most recent transformations in online culture coming of age in second life remains the classic ethnography of virtual worlds
